GREAT CURE OF RHEUMATISM CONTRACTED UNDER TROPICAL CLIMATES. BALTIMORE, Md., June 4, 1854. Mr. Stockbridge, of the Fountain Hotel. Light street,

Duar Sir : Being on the point of leaving the city. I avail myself of a few idle moments to thank you kindly for the medicine you sent me, and shich has restored me to the use of my limbs. I beg you to send me four bottles more, to carry on my voyage Since I had the fortune to use Dr. Hampton's Vege table Tincture my confidence is so strong that, in gratitude to the proprietors of said medicine, I beg you to present my respects to them, and induce them to make it more publicly known as a sure Rheumatic cure. Having called on me on the 19th of April last, and seen me prostrated on my bed useless in all my limbs, you can appreciate nearly as well as myself the prompt relief I received from Dr. Hampton's Tincture, and I am positive had it not been for your strong and forcible recommends ions I should still have been in bed.

It is really a pity this specific should not be approved by medical men, and like all patent drugs i and soffer the imputation the public generally give to such preparations. I myself, who was a rays opposed to a patented specific, took this medicine with reluctance, and without confidence in it and it was only through your disinterested, friendly recommendations, and my critical situation that induced me to try this really beneficial Vegetable

You may inform Messrs. Mortimer & Mowbray that they are at liberty to make use of my name in he support of the good effects of Dr. Hampton's getable Tincture, as it has cured me in five weeks Infronic Inflammatory Rheumatism, contracted or tropical climates, and of seven years' periodical fration. I have only used three bottles, and find that even the deformed parts of my hands are fast eturning o their former natural appearance. I have been under the treatment of several phyicians in London and Paris, without any apparent benefit; also, while in New York, having tried the hompsonian and Homospathic remedies, after having been tormented with galvanic ba teries, cold and aromatic baths, and hundreds of internal and external medicines, all to no effect, I am, so far, cured by this Hampton's Vege able Tincture only.

THOMAS CANOT. REV. VERNON ESKRIDGE, U. S. N. PORTSMOUTH, VA , Aug. 18, 1851. Mr. J. B. Boush-wear sir: While I am, in general, opposed to patent medicines, cander compels me to state that I have great confidence in the virtues of Hampton's Vegetable Tincture. For several months past I have used it in my family; and in lyspepsia, loss of appetite, dizziness, and general debility, with entire success. So far as my experience stends, therefore, I take pleasure in recommending it to the afflicted as a safe and efficient remedy. I am, respectfully, yours,

Therefore, my ear sir, accept of the assurance of

my gratitude, and believe me your well wisher.

The following certificates, selected from a large number, are, however, stronger testimony than the more word of the proprietors; and are all from gentlemen weil anown in their localities, and of the highestraspectability, many of them residing in the city of Bichmand, Va.

F HOYDEN, Seq., of the Exchange Hetel, Rich mond, known everywhere, says he has seen the Medicine called Castan's Spanish Mixture, administered in over a hundred cases, in nearly all the diseases for which it is recommended, with the most astorishingly good results. He says it is the most extraordinary medicine he has ever seen.

AGUE AND FEVER-GREAT CURE.-I hereby certify that for three years I had Ague and Fever of the most violent description. I had several Physimans, took large quantities of Quinine, Mercury, and I believe all the Tonics advertised, but all without permanent relief. At last I tried Carter's Spant b Mixture, two bottles of which effectually cured me, and I am happy to say I have had neither Chills or Pevers since. I consider it the best Tonic in the world, and the only medicine that ever reached any JOHN LONGDEN. Mesver Dam, near Richmond Va.

C. B. LUCK, Msq., now in the city of Bichmond and for many years in the Post Office, has such confidence in the astonishing efficacy of Carter's Spanish Mixture, that he has bought upwards of 58 bottles. which he has given away to the afflicted. Mr. Luck says he has never known it to fail when taken according to directions.

Dr. MINGE, a practising Physician, and fermetty of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of Oarter's Spanish Mixture, which were most truly surpristing. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful indeed. BAMUEL M. DRINKER, of the firm of Drinker & Morris, Bichmond, was cured of Liver Complaint of 8 ears standing, by

Spanish Mixture. GERAT CURE OF SCROFULA.-The Editors of he Richmond Republican had a servant employed in their press room, cured of violent Scrofula, combined with Rheumatism, which entirely disabled him from cede work. Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Editors, in a public notice, say they "cheerfully recommend it to all whe are afflicted with any disease of the blood."

STILL ANOTHER OURE OF SCROFULA. I had a very valuable boy cured of Scrofula by Carter's Spanish Mixture. I consider it truly a valuable medicine. JAMES M. TAYLOR, Conductor on the R. F. & P. R. B. Co., Richmond, Va.

Special Throwards, residing in the city of Richmond, was cured by three bottles of Carter's Spanish Mixture, of Salt Rheum, which he had nearly twenty years, and which all the physicians of the city could not cure. Mr. Thompson is a well known merchant in the city of Richmond, Va., and

I have gained in weight over forty pounds since I commenced their ase, and I am now entirely free from pain and ache of any kind, and feel like a new man. GAUTIER'S HERB DROPS, For Coughs, Colds, Bronchitis, Asthma. VHIS invaluable preparation has the extraordinary property of immediately relieving coughs, colds, hoarseness, difficulty of breathing, bronchitis, asthma, and huskiness of the throat. It operates by dissolving the congealed plegm, consequently causing a free expec oration. Those who are troubled with that unpleasant tickling in the throat, which deprives them of rest

night after night by the incessant cough which it provokes, will, by using this remedy, find immediste relief. These drops are composed of six simple ingredints, principally of herbs, which are known to be very efficacious in the cure of diseases resulting from colds. They have been prepared at the suggestion of one of our most eminent physicians, and friends with signal success, and at whose earnest so-

licitation I have been induced to enter largely into their manufacture; assured by him and them that, when generally known and tried, they will supercede all the various cough can :y mixtures now in As for myself, I am confident, from the ingredients or which they are composed, that, should they not effect on entire cure, they can do no injury even

to the most delicate in health, and therefore have no hesitarcy in introducing them to the citizens of Washington and vicinity. C. GAUTIER,

In Rome, after being married some years, they became acquainted with a German artist, of a good reputation, who, Agen. to his art, joined the learning of a Benedictine, and knew the city of Rome as well as Winklemann or Visconti. The German volunteered to be their cicerone in the Eternal Chy—they gladly accepted the offer. Many were the hours they passed in the museum of the capitol, in the Vatican, in St. Peter's and in the delightful excursions they made in the en-

virons of Rome. The artist became in love with the English lady; she reciprocated his affection. The husband was a long time in seeing the stain upon his honor. Several months passed away before he perceived it, for he was very much pleased with the artist, and they had long been on the most intimate footing. Although stung to the quick by such base faithlessness and gross violation of the laws of hospitality and friendship, he said nothing: he disliked scenes. He was nevertheless determined upon a complete revenge, and he appealed to cooler reflection to furnish a suitable punishment, as the passions are

A GOOD IDEA FOR SHOWMEN .- Albert amusing and successful entertainments in London, "The Ascent of Mont Blanc," in a recent address to his audience, ascribed a part of his success to a change he had made in the conditions of admission. Instead of charging more than the usual price for reserved seats, taken beforehand, he charged less, because, as he said, "if any one takes the trouble to come beforehand for his place, he ought to be compensated for that trouble. He enjoys some advantage over those who come late, and the best form in which to put that advantage is to let him have his place at a lower rate."

The consequence of this arrangement was that all his reserved seats, and a great many more, were always promptly taken, people being eager to avail themselves not only of the security of a seat, but of the slight reduction in price.

MARSHAL ST. ARNAUD. - His diseaseof the heart-increased in vehemence. His physicians promised him twenty years of life if he would retire into private life, but he spurned their offers. During the battle of the Alma, he remained in the saddle, galloping up and down the lines, though at times his attendants found it necessary to support him. "A marshal of France," he said. "must know how to die on horseback." In the memorable night of the 1st of December, he was one of the very few who shared the confidence of Bonaparte. The task was assigned to him of arranging the capture of the republican generals. Among these was Lamoriciere, who, in the Algerine war, had once saved St. Arnaud from being cashiered for some irregularities in the management of the army chest, which Lamoriciere discovered, and consented not to make public. On his arrest, he wrote to St. Arnaud the caustic sentence: "In 1850, Lamoriciere saved General St. Arnaud from having his sword broken; in 1851, General St.

Arnaud broke the sword of Lamoriciere." GEN. > EMIGRANTS FROM THE UNITED STATES TO AUSTRALIA. - The New York Evening Post publishes the project of an important scheme for the promotion of emigration from the United States to Australia. It is designed especially to attract the free negroes of the United States. The terms, which are fully stated in the letter from the Sydney house of Bier & Lowe. contemplates the accommodation of poor persons who are healthy, but have not money to pay their passage. They are to enter into an agreement to work out their passage money, when they reach Sydney, the Council of the Colony having passed a law designed to enforce such contracts strictly. Perhaps it may be useful to know that the people of Sydney recently in public meeting denounced the plan of introducing Coolies into the country, as one tending to degrade white labor by bringing black labor in competition with it.
